

PRES. GOMPERS ENDORSED BY NEWARK BOTTLE BLOWERS

Pass Unanimous Resolution Endorsing His Stand in the Great Fight Which He is Making for the Democratic Presidential Candidate, the Hon. William Jennings Bryan.

At a special meeting of the Glass Bottle Blowers' Branch No. 24, held in the city of Newark Sunday afternoon, the action of President Gompers, of the American Federation of Labor, in his gallant fight for the election of Hon. William J. Bryan was endorsed by the unanimous passage of the following resolution:

"Resolved, That the Glass Bottle Blowers' Association, Branch No. 24, of Newark, Ohio, do hereby endorse President Samuel Gompers, of the American Federation of Labor in the stand which he has taken in matters political during the present campaign."

There were approximately 250 members of the local branch present who concurred in the above resolution. Thus it will be seen how the local workers stand on the National Issues.

Vice President John Voll of the National Association, was present and made a splendid address, explaining the political status of the organization throughout the country.

A CAMPAIGN LIE NAILED BY ALTON UNION

The following statement by the Alton Union Glass Bottle Blowers' Association stamps as a "lie," the news item sent out from that city that the association had repudiated President Gompers:

ALTON, ILL., Oct. 26.—The Alton Union G. B. A. are searching for a Judas, either in their own ranks or out of their organization, who several weeks ago sent a message to the publishers of the Commoner and Glassworker, stating that the

local union had repudiated the action of Gompers in championing the cause of the great protective pledge in the Democratic platform and the wonderful boon it offers to American labor.

The false report sent from Alton and published in the trade journal, issued from Pittsburg, Pa., was copied by the Associated Press, through the watchfulness of the Republican campaign leaders and the "lie" has been published throughout the United States as a result.

When the great publicity of the untruth was noticed by the local body the matter was decided to be one of the greatest of interest at the meeting held Satur-

day night, and by unanimous vote the organization showed their regard for the great Gompers by taking official action in denying that his actions are repudiated.

TRADES AND LABOR ASSEMBLY ENDORSES BRYAN AND GOMPERS

STEBENVILLE, O., Nov. 2.—The Jefferson County Trades and Labor Assembly held an open meeting here yesterday and adopted three separate resolutions unanimously endorsing Gompers' stand in politics. All the speakers urged Bryan's election.

FAITHFUL WOMAN CLINGS TO HER LEPER HUSBAND

Washington, Nov. 2.—Mrs. John R. Early, wife of the leper, whose pathetic case has aroused much interest, not only in Washington, but throughout the country, has written an article graphically describing the agonies she has suffered by reason of the affliction that has been visited on her husband, and reiterating her determination to remain at his side until the end.

"I will follow John to the end of the world if needs be. There is no life for me without him, and if he is sent to the leper colony at Molokai, as seems to have been decided, I, with baby John and the little ones to come, will follow him and try to persuade the authorities to allow us to enter the colony with him. Then he can have the comfort of having us with him. I am not afraid of being infected with leprosy. In the first place, I think John will be cured if he has faith, and then we have already been exposed to the disease, anyway. For myself I do not care. I believe that it is my wife's duty to stand by John in the worst things

as well as the best. I took him for better or worse, and surely I would be a coward if for my own safety and comfort I should desert him. He needs me so much. Oh, it is so hard not to be able to be near him. To kiss him, but the doctors say no. I know he longs to caress baby John, too. He looks at him so pitifully when the baby stretches out his hands to him.

"These things are hard to bear, but I try to get God's grace to help me. And John, too, is such a good, Christian man. Never a word of impatience has come from him about his affliction. He bears it like a soldier.

"Two years ago we were married. We promised to love and cherish each other. I meant it and so did he. Why can I not share his burden? It is my joy and my only consolation for his affliction. John places his faith in God and so do I. I have suffered so much. Only a few months ago we were happy. Today we trust in God. I feel sure that faith in God will eventually cure my poor husband and bring him back to health."

AERONAUT THOMAS BADLY INJURED

New York, Nov. 2.—While experimenting with his "wind wagon," Dr. Julian P. Thomas, the aeronaut, met with a severe accident. The wind wagon was cutting along at a high rate of speed when Dr. Thomas saw in his path a motor cycle. In attempting to swerve the fore part of the wind wagon collapsed and Dr. Thomas was pinned to the earth under the rear portion of the apparatus and the heavy machinery. Physicians fear serious spinal fracture will result.

It is the last chance for Labor. The Republican National Convention turned down every proposition desired by representatives of Labor. The Democratic National Convention gave Labor all it asked for, and Mr. Bryan is fighting Labor's cause in the campaign to the best of his splendid ability and grand eloquence. If Bryan is defeated, Labor is defeated. It is Labor's last chance.

BRYAN NEVER CALLED WORKING MEN BEGGARS

His Tribute to the Men Who Earn Their Bread in the Sweat of Their Face, During His Celebrated Tariff Speech in Congress, a Complete Answer to Campaign Canard.

Always unscrupulous in the misrepresentation of Mr. Bryan's views or attitude on any political question, Mr. Taft's campaign managers have made as much political capital as possible out of the charge that Mr. Bryan, while a member of congress, declared that workingmen are "a lot of public beggars."

The absurd charge that Mr. Bryan used such language is founded on an affidavit signed by James Campbell, who says therein that Mr. Bryan made such a remark to him at a hearing in committee on the Wilson tariff bill in 1893.

No man who knows William J. Bryan believes that he would say one thing in public and something entirely opposite in private. His private life has been noted for his sympathy with and respect for the toiling masses and his public record bears ample proof of it.

In his celebrated speech on the Wilson tariff bill in congress Jan. 13, 1894, which was acknowledged by the leading newspapers of the country to be the greatest speech of that session, Mr. Bryan expressed his regard for the laboring men of the country in terms exactly opposite to the language attributed to him in the Campbell affidavit. This speech was about the time or soon after Mr. Bryan is said to have called workingmen "public beggars."

REVEL CAUSES BIG FIRE

Belton, Tex., Nov. 2.—Fire, started by Hallowe'en roysters, totally destroyed the Belton compress and 10,000 bales of cotton. The loss will exceed \$250,000, which is covered by insurance. Twenty residences were damaged by the fire and water, and 17 loaded freight cars burned, which will increase the loss by \$10,000.

PRESIDENT CASTRO STILL REFUSES TO REVOKE DECREE

The Hague, Nov. 2.—The Dutch government today ordered a blockade of all Venezuelan ports.

Willemstad, Nov. 2.—The Netherlands government had fixed November 1 as the limit of time for Venezuela to revoke the decree of President Castro, issued on May 14, prohibiting the transshipment of goods for Venezuelan ports at Curacao. President Castro has refused to revoke this decree, but as yet, so far as is known here, the Netherlands government has not decided upon definite action. There has been much activity here of late, but in an interview the governor of Curacao said that Holland ought to have assurances that Venezuela has not revoked the decree at the last hour of the day fixed according to the ultimatum by taking any active

measures. He believed that his government had made ample preparations or any eventuality, and he added that a statement would doubtless be issued today announcing the position of Holland and Venezuela and what action it was proposed to take.

The opinion is held among naval officers here that no direct steps would be taken within a week and it is understood that the battleship Jacob Van Heemskerck would leave here today, following her custom, for target practice. The Van Heemskerck and protected cruiser Frisland, which are now in this port, still have on board the superfluous equipments which would be discarded in time of war. The report is current that Captain Snelhage, who is in command of the fleet, has been promoted to rear admiral.

To Clean Fruit Jars. Success in canning fruit depends upon having the jars thoroughly cleaned and sterilized; if fruit has once spoiled in a jar the same thing will happen again, if the jar is merely washed and not boiled. To make sure that the jars are in good condition, put them on the back of the stove in a pan of cold water in which has been dissolved a tablespoonful of Gold Dust washing powder and let come to a boil. The tops should also be immersed for a few minutes in boiling water and old rubbers should never be used. After the can has been filled, shake, screw the tops on and invert the cans to make sure there are no air holes.

'Twas Hallowe'en and at a party held in town that night, a crowd of pretty maidens tried a charade by candle light; they also ate an apple each and gazed into a glass, and combed their hair and watched to see their future husbands pass. But 'stead of lovers' faces looking from each mirror clear, within each glass appeared these words, which startled them: I fear: "The girl who'd wed and happy be, in housework should be skilled; use Spartan Stain, your life will then with happiness be filled." To Clean Fruit Jars.

Success in canning fruit depends upon having the jars thoroughly cleansed and sterilized; if fruit has once spoiled in a jar the same thing will happen again, if the jar is merely washed and not boiled. To make sure that the jars are in good condition, put them on the back of the stove in a pan of cold water in which has been dissolved a tablespoonful of Gold Dust washing powder and let come to a boil. The tops should also be immersed for a few minutes in boiling water and old rubbers should never be used. After the can has been filled, shake, screw the tops on and invert the cans to make sure there are no air holes.

'Twas Halloween and at a party held in town that night, a crowd of pretty maidens tried a charivari by candle light; they also ate an apple each and gazed into a glass, and combed their hair and watched to see their future husbands pass. But 'stead of lovers' faces looking from each mirror clear, within each glass appeared these words, which startled them: I fear: "The girl who'd wed and happy be, in housework should be skilled; use Spartan Stain, your life will be filled with happiness be filled." Spartan Stain is a high grade wood finish for use in the home—for floors and furniture and woodwork. Manufactured by the Marietta Paint & Color Co., Marietta, Ohio. TERRITORIAL CONFERENCE TO BE HELD AT DENISON

College Y. W. C. A. Will Be in Charge and Splendid Program Will be Carried Out--Hallowe'en Doings--Funeral Services of Mrs. Ella Gibson.

Granville, O., Nov. 2.—Beginning on the evening of the 5th and lasting through the 8th day of this month the Y. W. C. A. of Denison will entertain the associations of Ohio and West Virginia at their annual conference known as the Territorial Conference.

There will be two hundred delegates in attendance. Many Newark people, as well as Granville friends have graciously opened their homes to receive the visitors. The meetings will be held in the Baptist church and all those meetings which will be of general interest will be open to all those in Newark and Granville who are interested in coming. The opening address on Thursday evening will be given by Dr. Emory W. Hunt of Denison. At 11 a. m. Friday Prof. Vance of Lane Theological seminary, Cincinnati, will speak. The Friday evening meeting will be addressed by Dr. Anna L. Browne, a national secretary of the Y. W. C. A. and Miss Lilavati Singh of Lucknow college, India. Again on Saturday at 11 a. m., Prof. Vance will speak and in the evening Miss Alice Chapman, a Bible reader of Boston and Prof. John H. Strong of Rochester Theological seminary will occupy the platform. The closing address on Sunday evening will be given by Prof. Strong.

Among the interesting events of Hallowe'en was the party given by the Sigma Chi fraternity Saturday evening in their chapter house. At 7:30 about 30 little girls and boys were seen tripping down Broadway, the boys with their large straw hats and knickerbockers, and the little girls in their dainty frocks and frills, some with dolls, others with slates. They all went into what was supposed to be the home of the boys, but which had been transformed into beautiful forests and woods and corn fields, and delightful places where the children might enjoy themselves. Immediately upon upon arriving they commenced their youthful games, after which luncheon was served.

During the entire evening the children were permitted to partake of cider, apples and popcorn. A raffle was given to each child as a souvenir.

The Phi Gamma Delta fraternity entertained about 75 young ladies of Shepards college and town at a Hallowe'en reception in the fraternity house Saturday evening between the hours of eight and eleven. Their beautiful home was trimmed with a great abundance of autumn foliage, jack-o'-lanterns and corn shocks. One of the most attractive rooms was the room in the basement of the building which was one mass of foliage, and here cider, popcorn and apples were served during the entire evening. The hallway was decorated with corn shocks and pumpkins, representing a corn field. The guests were taken to the dining room where a bounteous "harvest spread" was served. During the entire evening music was furnished by an orchestra from Newark.

Miss Ruth Allen—Ann Davis, Mary Nichols, Helen Jones, Bertha Latimer of Newark attended the Phi Gamma reception.

Brief funeral services were held over the remains of the late Mrs. Ella Gibson who died so suddenly at her home on College street last Thursday, on Saturday afternoon at 4 o'clock, conducted at the home by Dr. C. J. Baldwin, pastor of the Baptist church. A quartet consisting of Mr. and Mrs. W. P. Ullman, Miss Norris and Mr. Charles A. Carman, sang several beautiful selections. There were quite a number of sympathizing friends present, including Mr. and Mrs. Winkler of New Salem, who accompanied the remains and the two bereaved sons to Salem Sunday morning, where the final services were held in the Salem Baptist church Sunday afternoon conducted by the Rev. W. H. Bawden, formerly of Granville. Mrs. Gibson, with her two sons, Heber and Carl, moved to Granville

Robert Doid was initiated into the ways and customs of the local branch of the International Theatrical Mechanics' Association Sunday afternoon, after which the party of 60 members, including as guests, Messrs. Ed Warner and Charles Siddons, of Ye Colonial-Stock company, transferred the seat of action to the band hall on East Church street, where an elaborate banquet was served. Bro. George Hamilton presided as toastmaster, and speeches were made by Mr. Doid and the visiting members. After the banquet, Manager Ed Gallagher of the Bijou theater, invited the entire party to witness a performance. During the program the orchestra rendered a song that proved itself a favorite with the local I. T. M. A.'s and the "boys" indulged in a little vocalistic effort.

The first Sunday in December has been set for the initiation of a large class of candidates, at which time a big smoker will be given.

TRYING TO DUPE "DRY" DEMOCRATS.

Nobody ever heard before of Guilbert, Cox, Brown and their associated bosses running a "temperance campaign."

At the bidding of the bosses Governor Harris has made a hobgoblin of "temperance" to shield the third termers, pet deputies who are running for office and who have been belied by leading Republican papers over the state, and the favorites of Boss Cox and Boss Brown, all of whom he gave a blanket endorsement in his Youngstown speech.

Addressing a colored club in Columbus Governor Harris said, "I have voted for every national, state and Preble county Republican ticket since the birth of the Party." But he begs for the votes of "dry" Democrats.

Randolph will head a corps of skilled "estimators" who will furnish original estimates of the votes based on returns already in.

The Association building will be open to the public free, but a small admission will be charged to Taylor Hall to make the affair a self-supporting one.

One of the recent developments at the Association has been the organizing of a 17-piece orchestra under the leadership of Prof. See. They rehearse once a week and are already doing good work. They will be heard later in the year in concert and will show that Newark has first class material for a good orchestra.

A STRANGE DISCOVERY

EXCITING MUCH INTEREST HERE IN NEWARK.

The late discovery that recently started so much talk here in Newark, seems to be taking the whole state, as reports are coming from every direction, of some astonishing good it is doing, for some one who has long since given up hopes of ever seeing another well day. Hardly a day passes without some one calling at the City Drug Store to tell of the wonderful things Root Juice has been doing. The remedy has cured so many people here in Newark within the past few months, that it has almost become the general talk of the city. One of the latest callers to praise the great medicine was Mr. Chas. Cunningham, of 343 South German street. He said: "I wish to thank the Root Juice people for the great good I have received from the wonderful medicine. I had a bad sore stomach trouble for a long time. Tried different doctors, but got no relief until I started with the Root Juice. I have hardly used four bottles but am almost cured. Any one doubting this may call me up, or address me personally." So many names of local people who have been cured of chronic stomach, liver or kidney trouble, nervous weakness or rheumatism, have been published in this paper that but few doubt the merits of the remedy. Consequently, people continue to go from all parts of the city to the City Drug Store for some of the health restoring juice, and many are coming from the country for miles around.

NEWARK PLAYS A TIE GAME

FORTY-FIVE MINUTES OF PLAY RESULTS IN A 0-0 SCORE.

Best Games of the Season Played at Wehrle Park Saturday Afternoon.

The sportsmanlike courtesy of Captain Warner was the only thing that prevented Newark from winning from the Central High school team, of Columbus, Saturday, for at every stage of the game Newark had the best of the contest. The argument that resulted in the red and black men being presented with six points occurred early in the first half of the game. Shortly after Sachs had carried the ball across the visitors' line for the first touchdown after three minutes of play, the ball was worked foot by foot and yard by yard toward the Columbus goal for the second time. Finally a punt was made which was taken by Eader on Columbus' 5-yard line. The little quarterback, with Faulkner for interference, ran the length of the field and carried the ball across the Newark line. Rhoads, the referee, was not going to allow the touchdown to stand, claiming that Faulkner used foul means in his blocking off work. Bookman, the coach of the Columbus team, protested, claiming that the negro had not used methods that were not perfectly square. When Lemon, captain of the red and black, threatened to leave the field, claiming he was not getting fair treatment, Captain Warner relented and said: "Let them have the score if that will keep their nerve up and them in the game." While his generosity did not result in Newark's defeat, yet had he refused to give in to a most unreasonable request, the local team would have won the game, for Columbus was at no time dangerous. The day was a perfect one for the game and both squads were at their best. A good crowd was present and the alternate cheers for Columbus and Newark inspired the gridiron gladiators to the hardest kind of work. The game was scheduled for 2:30, but the lateness of the special car in which the Columbus team came to Newark delayed the game, and when time was called in the final half the moon was shining and the mass of men in the field were barely discernible to the spectators on the sides. The superiority of the Newark team was marked, and their work was at times marvelous. They were very strong on offensive work, and when defensive work was necessary they rallied nicely, but for the most part their line would play too high, putting them at a big disadvantage in stopping the strong bucks of the Columbus boys. Sachs, tried out at right end, showed up in great style and played a hard, consistent game. The tackling of Gleichauf and the work of the two other backs, Ashley and Black, was of the best. Warner, Trifitipo, Perry and Collins also showed well. The work of Ramsey was criticized by some for his failure to take advantage of chances for goal from the field. In the last half, when only about two minutes of play were left, he showed bad generalship in not bucking the Columbus line when Newark had only a yard to go. Instead he gave a place kick signal that gave the ball to Columbus and resulted in Faulkner booting it into the field again. Smith, Lemon and Faulkner were the Columbus stars. Faulkner, a negro, doing heavy work throughout the entire game. He was a good ground gainer, but his head work was bad and frequently costly. First Half. Columbus won the toss-up and chose the west goal. Ashley kicked off to Eader, who took the ball on his 25-yard line. Faulkner was given the ball and was tackled hard by Ramsey, and Columbus was penalized 15 yards for holding Dixon was given the ball by Eader and he made about four yards before he was downed by Collins. Faulkner then attempted a forward pass, but it went over the line and he drew a 15-yard penalty for his team mates. A punt was attempted, but it was blocked by Sachs, who got the ball and crossed the goal line with the first touch down. Black kicked the goal. Faulkner then booted to Ramsey, who was tackled hard by Lynch. A series of hard line efforts followed, and Black then punted to Eader, who fumbled, but fell on the ball. Faulkner was given the oval, but he made no gain. Eader was then given the ball, but he was thrown back for a loss by Trifitipo. Faulkner then punted to Black, who fumbled the ball, which was recovered by a Columbus player. A series of attempted forward passes and line bucks was then attempted by the callers. This was stopped by Gleichauf, who tackled the runner for a 10-yard loss. Columbus then punted and Gleichauf fell on the ball. Newark and Columbus see-sawed back and forth over the field with the ball always near the Columbus goal posts. Bucks through tackle were made until a punt drove Eader to his 5-yard line. Settling himself he caught the ball and dashing forward, with the assistance of Faulkner, he made a sensational run the length of the field. Trifitipo, who was the nearest man to him, made a headlong dive for the runner, but he missed by a few inches and was thrown. After the argument that followed was settled, Faulkner kicked goal, tying the score. Second Half. With the teams more aggressive than ever, the second half started, and throughout the 20 minutes of play that followed neither side seemed to have a great advantage, though Newark kept the ball well within the territory of the Columbus team. Both sides, straining every nerve, fought as they hadn't fought before, and the previous half seemed like child's play as compared with the last half of the contest. The line hammering was terrific, as the men would assault and repulse the opposing team with a strength unsuspected. The rooters grew hoarse with cheering, and frequently time had to be called for some man that dropped through exhaustion. Neither side, try as they would, could force the ball across the line for a score that would win the game. The line-up: Newark. Warner (C)...L. E. Lynch Trifitipo...L. T. Karl Williams...L. G. The Music Hall team defeated the Panhandles, Sunday, at Columbus, two out of three games, on the Landmark alleys, and only losing two pins in the first three of a six-game series. The series with the Courtlands in the afternoon; however, was a walkaway for the "Courts." This game was more of a social affair, but the Music Hall team was certainly up against it for when a team plays the "Courts" they have to keep howling all the time. The Courtland team would like to arrange a game with any team in Newark or Zanesville for any amount. Address, Elmer Courtland, Columbus, Ohio. The rules committee of the city league are requested to meet at the Music Hall, Wednesday evening at 8 o'clock.

SOCIALISM VS. CAPITALISM

MR. ALLEN COOK, PROMINENT ATTORNEY AND REAL ESTATE BROKER

At Canton, O., Will Debate With Any Democratic or Republican Orator Tonight at Music Hall—Everybody Invited To Come.

Mr. Allen Cook, of Canton, Ohio, will speak on Socialism tonight at Music Hall. Mr. Cook is willing to share his time with Democratic and Republican speakers. The Socialists at all time stand ready to discuss the issues of this campaign with the spellbinders of the capitalistic parties. If their cause is just and right, it can be defended. If it is unjust and vicious, the people should not support it. If the Democratic and Republican speakers refuse to accept this challenge, it is a confession of the weakness and unrighteousness of their cause. Should the voters of this country be asked to support a cause and a principle that their public speakers and candidates themselves can not defend? If Socialism is wrong in principle, here is the opportunity for their spellbinders to prove it to the people. The two capitalistic parties offer no remedy for the six million unemployed wage earners of this country. The Socialists have a remedy. Come and hear what it is. \$10 REWARD. Mr. Cook will give \$10.00 reward for any Democratic or Republican speaker who can give a sane explanation how a panic, lack of employment or industrial depression can occur under Socialism. Come and see who gets the money.

FAKE PROSPERITY.

The steel trust denies that it will spend \$6,000,000 in wages before election, chiefly in Ohio, Indiana, Illinois and West Virginia, for the purpose of giving work to 100,000 idle men whose employment is not justified by trade conditions. But the "financial man" of the New York Journal of Commerce says that this story "comes from a source that is always interesting and often right." It is pointed out that if this should result in keeping the high tariff party in power it might be the best possible "investment," which is not a wild guess in view of the fact that the trust annually takes from the people many times \$6,000,000 purely as a result of the high duties on steel and iron. In past campaigns direct contributions were the rule. Now a monopoly corporation can use its stockholders' money in creating a pre-election prosperity.

The letters from Standard Oil magnates prove that the people do not rule. The party that the trusts own is the party that gives them tariff bounty and has let them defy the law—the party which controls the federal government.

TARIFF SUPPORTS THE TRUST

Cleveland's Secretary of the Interior Speaks on Paramount Issue. It is useless for representatives of the Republican party to declare hostility to trusts while they maintain the protective tariff. The protective tariff which they made and which they support makes and supports the trust. The trusts, with their tariff protected monopoly, control the raw materials and therefore hold at their mercy the manufacturers as well as consumers. Individual enterprise is artificially checked, and the reasonable chances of the average man are destroyed.

HARRIS CANNOT DENY ANY OF THESE FACTS

Judge Harmon Puts the Governor On Defensive and Quotes From the Testimony--Why Did Harris Run Away From a Temperance Meeting Addressed by Two Governors?--Harris Says He Never Voted for Democratic Candidate in His Life.

In a speech before the Norwood Democratic club of Cincinnati Oct. 3, after stating the facts disclosed by the legislative investigation at the state house last winter, Mr. Harmon said:

What does Governor Harris say about this? He does not deny any of the facts proved. He just says the majority of the committee were Democrats seeking campaign material. Democrats are not good citizens. The governor never voted for one in his life, not even for a local office. He said so last month in a speech to a colored club at Columbus. Everybody knew he would not vote for John Patterson, and he slipped out of town when the Democratic governor of Missouri and the Republican governor of Indiana came to Columbus last fall to speak at a temperance meeting; but we thought that there might have been some Democratic neighbor or comrade-in-arms who, some time during his life, he had supported, but no, he says, never one.

LET EVERY DEMOCRAT REMEMBER THIS WHEN HE IS ASKED TO VOTE FOR GOVERNOR HARRIS.

But is the testimony of the governor's official associates discredited because it was extracted from them by a Democratic committee? That testimony is on file in the senate. Here are some samples of it:

(Mr. McKinnon, March 10, 1908.)

Asked what depository banks he owned stock in, he said:

"I do not know what interest it is of yours. I do not go prying into your affairs."

Question: "If I were treasurer I would think it would be proper. Don't you think it is the business of the state to know whether you are a stockholder of a bank you put money in?"

Answer: "No, sir; I don't."

At a later session he said: "I am a stockholder and director in the Columbus Savings & Trust Co., and they have paid 2 1/2 per cent every day on all the money they have had."

Question: "How much stock have you in it?"

Answer: "None of your business."

Question: "What other banks are state depositories?"

Answer: "I am not going to tell any more; that is my own business. I am not going to tell any more."

Question: "Are you a stockholder in other banks outside of Columbus?"

Answer: "You can find that out."

(Mr. Green, March 10, 1908.)

Question: "Mr. Green, what banks have you stock in?"

Answer: "I have got money in two or three banks, and I wish to the good Lord I had some more of it."

Question: "What banks are these?"

Answer: "Well, I don't believe that makes any difference. I don't believe I will answer that question."

Question: "When did you become a stockholder in the Columbus banks, Mr. Green?"

No answer.

Question: "Are those banks state depositories?"

Answer: "Some of them."

Question: "Not all of them?"

Answer: "No, sir."

Question: "Will you state what banks you have stock in?"

Answer: "I think I will take the same position that Mr. McKinnon did."

Question: "It's a very easy matter to obtain the information."

Answer (by Mr. McKinnon): "You may, I don't care a cuss. You can find that out, and I know that as well as you do, and I don't care how soon."

(April 9, 1908.)

Mr. McKinnon was finally compelled to disclose his holdings of stock in five banks, in all of which he had deposited large amounts of state funds.

Question: "You are serving out your fourth year, is it?"

Answer: "Yes, sir; in my fifth year."

Question: "Did you acquire this stock, all of it, since you have been state treasurer?"

Answer: "Yes, I think I have. Yes, I know I have. I want the committee to understand that there is a vast difference between actual ownership and what you subscribe for--what is held in your name. A man can hold a great deal of stock in his name and not be the owner of it. I wish that to be clear."

(Mr. Guilbert, April 16.)

Mr. Guilbert having testified that he paid the taxes he collected into the

treasury by cashier's checks, he was asked:

Question: "This doesn't show that the cash went to the treasury. The check may have been retained by the treasurer and the money allowed to stay in the bank for six months. Will you as president of the bank give the committee a note allowing its accountant to examine the accounts at the bank to show when this money was paid from the bank into the treasury?"

Answer: "I will answer that question later."

When the committee insisted, he said: "It seems to me that this committee is bent on putting me to all the inconvenience it possibly can. Now, I've told you how this money was collected and how it was turned into the state treasury, and your expert says it is every cent there. I have nothing whatever to do with when those checks were paid. I do not know whether I will give you the authority or not; I'll answer that later."

But Mr. Guilbert has always persisted in his refusal to permit the examination, give the information or produce the checks.

Fullington Whitewashed Cox.

Mr. Fullington, Mr. Guilbert's deputy, now nominated to succeed him, spent nearly a year in Cincinnati examining the affairs of the county. He reported that everything was regular and every dollar in the treasury was "accounted for." Not a cent was "stolen or misapplied," just as the governor says of the state treasury.

But when the investigating committee came, to Cincinnati a few days sufficed to show that the public funds had been deposited in the banks for the benefit of the county officials, and nearly \$300,000 of interest they had made away with was paid into the treasury.

The governor seems to have the same narrow idea of official honesty, that if all the money is found in the treasury which the officer has seen fit to charge himself with on his cash book, the people ought to be satisfied. If he has made some money on the side by manipulating the deposit of public funds, it is all right if he has not charged himself with it on the books.

Justice Brewer recently said: "There is today so much grafting going on among public officials as to startle us. I am not speaking now about the coarser kind of grafting, but the kind which we all condemn. I have reference to the more insidious ways, that one holding public office who is not carrying on the duties of that office with an eye single to his trust is prostituting in one way or another that office for his own gain or the gain of his friends."

If I am elected governor I shall have no greater powers than Governor Harris has, but I WILL UNDERTAKE TO PUT A STOP TO EVERY SORT OF GRAFTING IN THE STATE OFFICES, NO MATTER WHO THE GRAFTERS MAY BE.

BRYAN PAYS HIGH TRIBUTE TO HARMON

A letter from William J. Bryan was read at a rally held some weeks ago by the Norwood Democratic club of Cincinnati. The announcement that it had been received by the club's president, Charles F. Nead, and that its reading would be an important feature of the rally, was potent enough to draw one of the largest crowds seen at a political meeting in Norwood in many months. The letter which was dated at Lincoln, Neb., Aug. 19, was as follows:

"Replying to your letter, I am very sorry I can not be present at your meeting. I am glad to know that the Democrats of Norwood are ready for battle, and, with your strong state ticket, headed by that great statesman and loyal Democrat, Judge Harmon, we feel reasonably sure of carrying Ohio. Express to the members of the club my great appreciation for the sentiments expressed in your letter. A prominent organization such as yours is one of our valuable assets, and one that will be an important factor in the campaign. Extend to the members of the club my best wishes for a profitable and enjoyable meeting."

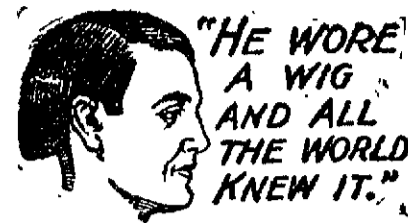

The reading of the letter evoked a storm of applause.

Take care of your hair or be sorry later on. If it is in good condition now keep it that way.

Many a man now bald or afflicted with a wig would have a full head of luxuriant hair if he had used a good tonic in his younger days.

Healthy hair must have nourishment, or in time it will surely die and fall out.

The best hair nourisher, invigorator and dressing known to science today is Parisian Sage.

T. J. Evans sells it and guarantees it to cure dandruff, stop falling hair or itching of the scalp in two weeks, or money back.

It is highly praised by thousands of ladies, because it is the only hair dressing that makes the hair soft, silky and luxuriant. Parisian Sage is the only hair treatment that reaches the roots of the hair. It kills the germs, puts new life into the roots, and brightens up the hair. The price is only 50 cents a large bottle, at Evans' Drug Store, or direct by express, all charges prepaid, from the American Mages, Giroux Mfg. Co., Buffalo, N. Y.

PRISONERS

In Police Court All Pleaded for Release So Their Votes Could Be Cast.

Every prisoner in police court this morning didn't overlook the fact that Tuesday was election day, and some strenuous pleading was done by the men who wished to be released so they wouldn't "lose their vote." In most cases the mayor returned the prisoners to their cells with orders to release them Tuesday morning.

Three men from Utica, arrested Saturday for being drunk and begging, were released and ordered out of town. They promised to catch the first train bound for Utica, so they could vote tomorrow.

Tom O'Brien, a pipe-liner from Utica, was arrested Saturday night by Detective Andrews for being drunk and riding a B. & O. train. He was given \$1 and costs.

Ed Hathaway, who was ordered out of town sometime ago, and who has been working in a grocery at Utica, returned to Newark, Saturday night, to get some clothing, and was arrested shortly afterwards by Officer Brooke upon complaint of a Mrs. Handel, of Fifth Street. She claimed that she saw him enter her store by the back door. He was fined \$5 and costs.

O. B. Strawn, who claimed to be a Columbus bartender, was very much tanked up when arrested by Officers McClure and Carroll. He claimed that he got his drinks in Columbus when asked regarding this by the mayor. He pleaded with the mayor to be allowed to go, saying that he wished to return to Columbus so he could vote tomorrow. He was given \$1 and costs.

Albert Lyons, of Zanesville, was arrested by Officer Hinger, Saturday night, but when he was brought into police court this morning he was still "under the influence" of the Zanesville booze. He also put up a strong talk for his release, but the mayor couldn't see it this way and he also drew the \$1 and costs.

"P. & G."

Has made 'em as white as winter snows.

Sing a song of soapbuds,
A kitchen full of steam,
Four and twenty hours, at least,
Before she'll get 'em clean.

That's the way they used to wash,
But now a change we see,
Some magic hastens everything,
And sets the housewife free.

The mistress, in the pantry,
Is eating bread and honey,
She knows the magic power, at work,
Is saving time and money.

The maid is in the garden,
Hanging out the clothes,
For "P. & G." has made 'em
As white as winter snows.

DON'T LOSE YOUR VOTE FOR BRYAN

BE CAREFUL ABOUT MARKING YOUR BALLOT

There are only two ways to cast your vote for Bryan so it will count.

THE SURE AND SAFE WAY is to put the X-mark in THE CIRCLE UNDER THE ROOSTER.

The other way, WHICH IS MORE DIFFICULT AND UNCERTAIN, is to put an X-mark in the square at the left of each of the 23 presidential electors on the Democratic ticket under the rooster.

Mr. Bryan's name will be on the ballot at the head of the Democratic ticket, but there is no blank square opposite his name because we do not vote direct for president. We select 23 presidential electors in Ohio to cast the vote for Ohio.

AN X-MARK OPPOSITE THE NAME OF MR. BRYAN WILL COUNT FOR NOBODY, AND THE VOTER WHO MARKS HIS TICKET THAT WAY WILL LOSE HIS VOTE.

An X-mark opposite the name only of the first presidential elector will count ONLY FOR THAT ONE ELECTOR and not for the other 22 electors. The voter who makes that mistake will cast only one-twentythird part of a vote. THIS MISTAKE WAS MADE IN 1892 WHEN ONLY ONE DEMOCRATIC ELECTOR WAS CHOSEN, whereas all the Democratic electors would have been chosen that year if the voters had marked their ballots correctly.

MAKE NO MISTAKE THIS YEAR. Take the safest plan and MARK IN THE CIRCLE UNDER THE ROOSTER. If you don't do that you must mark every one of the 23 presidential electors on the Democratic ticket, which takes 23 X-marks.

THE REPUBLICAN VOTER, or member of any other party, WHO WANTS TO VOTE FOR BRYAN, will find it safer to put the X-mark in the circle under the rooster, and then mark for the candidates on his state and county ticket for whom he desires to vote.

THE BALLOT WILL BE SO BIG THIS YEAR THAT MISTAKES WILL BE EASILY MADE.

TAKE NO CHANCES. MAKE YOUR VOTE FOR BRYAN SAFE by marking in the circle under the rooster, and then mark for candidates on the state and county ticket according to your choice.

VOTE EARLY

The election ballots are now ready for delivery, and this year especially, owing to the large ticket to be selected from, the earlier votes are cast, the better.

The polls will be open from 5:30 a. m. until 5:30 p. m. Owing to the fact that national, state and county officers are to be voted for, great care should be taken by voters, and in all cases possible they should inform themselves thoroughly as to their choice before going to the polls, then vote early. Voters intending to scratch tickets should first make sure that they know how, for this year there is grave danger of mistakes that will cause a man to lose his vote.

The large vote that will undoubtedly be cast, and the big ticket, makes the request to vote early an imperative one.

STABBED

Was Jack Sweeney, While Drunk--Wound Not Discovered Until Hours Later.

When Jack Sweeney, who was arrested Saturday night by Officer Sutton, for being drunk, sobered up yesterday, he found that he had been stabbed, though not seriously. The cut penetrated through his vest and shirt, and inflicted a deep, ragged gash on his left side about three inches below the heart.

For some reason the wound did not bleed, and when searched by the officers at the prison when locked up, the injury was not discovered by them. Opening his shirt he showed his wound to the mayor, and asked for his release, saying that he wanted to get back to Utica, where he is now employed, so that he can get medical attention. Sweeney didn't know who stabbed him, and had no recollection of having a fight of any sort.

They also remove all irritation, dryness, soreness and weakness. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. The annual fall initiation of Alpha Eta Chapter, Beta Theta Pi, of Denison University, was held at the Chapter House, this place, Saturday evening.

In addition to the active members there was a large number of the alumni in attendance. Five candidates were initiated, after which a banquet was served. At the close of the banquet, the Betas were called to order by Attorney C. L. Flory of Newark, who acted as toastmaster, and interesting remarks were made by Dr. Francis Shephardson of the University of Chicago, Prof. J. Trask of Denison University, and Mr. Warren Morris of the active chapter. Among the alumni who were present were Dr. Francis Shephardson and son Whitcomb, of Chicago; John Hislop of Columbus, Ned Roberts, C. L. Flory of this city and others.

At the meeting of the Calliopean Literary society held Saturday night there were 32 persons present. Among the diversions of the evening a number of stump speeches were made by the different members, all of which were of a political nature. At the close of the speeches a straw vote was taken which resulted in Bryan receiving 39, Taft 7, and the remainder scattered among the other candidates.

HOW TO VOTE FOR BRYAN AND THE DEMOCRATIC TICKET

This year the ballot to be voted is the largest in the history of Ohio. It is 20 inches wide and 3 feet 4 inches long. The ticket being so long makes it very important that no mistakes be made by any Democrat in marking his ballot. To be sure you vote for BRYAN place an X mark in the circle under the rooster like this

This will vote a straight Democratic ticket. These instructions are given now, because in 1892 the Democrats lost the State of Ohio for President by only 1,000 through mistakes of Democrats in marking their ballots and we want to avoid anything of the kind this year.

ELECTION NEWS AT THE ADVOCATE TUESDAY NIGHT

RETURNS WILL BE RECEIVED BY
TELEGRAPH AND PHONE AT
THIS OFFICE.

Both Telephone Companies are
Making Extra Preparations to
Serve Election News.

The Advocate will receive the national, state and county election returns tomorrow night by telephone and telegraph and the returns will be bulletined at this office as fast as received.

Owing to the size of the ballot, the election officers promise few, if any, local returns until a late hour, but news from the eastern states and many of the larger cities should begin to arrive early in the evening. Everybody is invited to come to The Advocate tomorrow night.

Manager C. E. Hollander, of the Newark Independent Telephone company, is making thorough preparations to give patrons of the company good service on election night.

Through the United States Long Distance company, the Newark company will receive the state and national returns and every station in Licking county has been directed to send returns upon completion of the count, Tuesday night.

A double force of operators will be on duty at the exchange to serve all who inquire for the news.

If you want local election news, ask central for "county election" operator, but if you want to know the state or national returns, ask for "general election" operator. In doing so you will be more quickly served.

Manager McManman of the Central Union Telephone company, announces that his company will be ready to give first-class election news service tomorrow night. The long-distance lines of this company leading all over the central and eastern states, will be used to gather the returns and special operators will give the information to all patrons who are interested. Mr. McManman says the company has made more extensive preparations to gather and distribute the returns than ever before, and that the service is free to all patrons of the company.

Election news will be served along with a musical program tomorrow night at Taylor hall. The Y. M. C. A. will receive Western Union bulletins and local returns by telephone also.

COMPLETE ELECTION RETURNS AT BISMARCK CAFE.

FAIR BOARD CHOOSE FOUR NEW MEMBERS

Three Year Terms of Members Will
Expire January 1—Light Vote
Cast at Election Saturday.

A light vote marked the annual election of members of the board of directors of the Licking County Agricultural society last Saturday. The election was for the purpose of choosing successors to S. J. Parr, Franklin township; A. D. Burdick, Alexandria; E. O. Mitchell, Cotton, and R. L. Patton, Johnstown, all of whose three year terms expire January 1. The election resulted in the selection of Mr. Parr to succeed himself for another three years and the additional choice of Samuel Walker, Hanover township; William Courson, Bowling Green township; and James J. Hill, of Johnstown, Monroe township.

The vote was as follows:
S. J. Parr, Franklin tp. 136
Samuel Walker, Hanover tp. 100

NEW LEAGUES MAY RESULT

Central, O. and P. and Ohio State
Ready for Several Important
Changes in Near Future.

Lima, O., Nov. 2.—A complete redistricting of three minor league baseball circuits is expected to take place following the annual meetings of the Central, O. & P. and the Ohio State league magnates.

According to the best information to be had, Zanesville will seek to dispose of its Central league franchise, and Springfield, O., may acquire it. With Zanesville out, Wheeling, W. Va., will be far distant and another town will be secured in a centrally located, thus cutting off a great mileage which has always existed in the Central. Wheeling is expected to take up a franchise in the re-organization of the O. & P. league circuit, from which Akron is seeking release, and Akron and Zanesville are expected to round out the Ohio State league into an 8-club circuit.

There is also a movement on foot among the Ohio state magnates to place state league teams in Cleveland and Columbus to play in the absence of the big teams. This has been under advisement for some time, but it is feared the time is not ripe. With a league circuit composed of Portsmouth, Zanesville, Lancaster, Newark, Akron, Marion, Mansfield and Lima, state league officials are optimistic, as the salary limit of \$1,500 will just make a profit in such a circuit while to include any larger cities will cause trouble at this period of the game.

CARBOLIC ACID THE FAVORITE FOR SHAMMERS

Pretended to be Tired of Life, But
Were Only Fooling—Two Cases
Reported But No One
Injured.

Shamming an attempt at suicide by the use of carbolic acid, Levi Lescalett attracted a great excited crowd about his home, 78 Allston avenue, East Newark, Sunday evening. Dr. P. H. Cosner hastened to the scene and discovered that Lescalett's "attempt" was a sham.

On the physician's arrival it was found that half the contents of a two-ounce bottle had been emptied, and it was feared Lescalett had swallowed it, in which case, the physician stated, he could live but a short time. The bottle was lifted to his lips in the presence of a member of the family, who knocked it to the floor.

It was afterward claimed that Lescalett pretended to attempt suicide in order to cause the return of his wife who was visiting friends at Black Hand and had been there for a week. Mrs. Lescalett returned.

A report comes from Appleton to the effect that a well known woman of that place pretended to attempt suicide Friday evening by the use of carbolic acid. It is said that a member of the family jerked the bottle from her hands, but that her face and neck were burned by the acid.

Men's Snappy Shoes

For
Fall Wear

We offer more in appearance, fit, comfort and wear than any shoes in this vicinity. We buy direct from the maker only after careful examination of the products of many factories, which has resulted in the best shoes obtainable at the price you wish to pay. Then, too, our intimate knowledge of the foot and how they are best to be fitted, and of special value to the man who walks or stands alone, is another reason. In the new Fall shoes, you'll see many new shapes and finishes, but the old standards are kept. Prices range from \$2.00 to \$5.00.
